PROFILE

Hi, I'm **ZAKARIAE OMAOUI**, a Senior Full Stack developer who loves building web apps.

I have a year of experience in ReactJS and a year of experience in ExpressJS, and I am currently working on projects to develop myself, and I am currently working on the E-commerce project with redux . I'd love to combine my passion for programming and learning to continue building personalized useful products for people

LANGUAGES

Arabic : fluent

French : Intermediate

English : Good

Personality

Punctuality: I like that the missions are held and executed in the necessary time.

Rigor: The most detailed and well-maintained plans are always the most effective.

Oral fluency: Having done theater when I was younger, I have an oral fluency which is a real asset for me.
